PROFESSIONAL EXPERIENCE

HCLTech

May 2022 – Present

Director – End-to-End IT Infrastructure & Digital Workplace Services

Lead global IT infrastructure and digital workplace delivery for a multi-account manufacturing portfolio across North America, EMEA and APAC.

- Own a ~USD 50M global IT infrastructure and digital workplace portfolio across a 3-account manufacturing customer set spanning 175K users and 188K devices, leading 1,000+ professionals across North America, EMEA and APAC at sustained 11–18% account margins.
- Direct managed services across the portfolio's two largest estates — a 24x7, 8-language account of ~100K devices (scaling to ~130K with a new business unit) and a deep infrastructure estate of ~44K users, ~38K end-user devices, ~9.8K network devices, 6 datacentres and ~6.5K servers — spanning Service Desk, Desktop Engineering, Field Services, ITSM, Cloud, Network and Tools Management.
- Improved Net Promoter Score (NPS) by 70%+ and reduced operational staffing ~30% over two years through Shift-Left, best-practice and automation programmes, with no compromise to service quality.
- Lead a major service-delivery migration (SDC → SDR) and a Watch Tower / Modernization / Innovation roadmap — completing Storage, Linux, Backup and Wintel assessments and Automation Phase 1 (10/10 use cases) — across ServiceNow, LogMeIn, iObserve, iAutomate, Workblaze (SysTrack), Yellow.ai, Krisp.AI and AWS Contact Lens.
- Authored an AI-for-digital-workplace transformation strategy built on an Assisted → Augmented → Autonomous maturity model and a SENSE → THINK → ACT → ENGAGE operating loop, leveraging agentic AI (AI Force), DEX (Workblaze 2.0) and predictive AIOps / observability (PredictX, IT Digital Twin).
- Built quantified AI / automation business cases targeting 40–60% faster application packaging, 30–50% faster patch orchestration, 30–50% routine-contact reduction and 40–60% MTTR improvement — with projected agentic-AI savings of ~USD 576K annually and ~10 FTE capacity release.
- Delivered standout outcomes on the largest 24x7 account: ACSAT improved from –50 to +83, 7% YoY cost reduction (~USD 2.0M over 5 years), cost-per-ticket reduced (voice USD 13→10, chat USD 11→8), 46% password-reset reduction, 99.5% asset accuracy and a zero-disruption transition to an offshore delivery centre.
- Drove FinOps governance (65 ServiceNow contracts rationalised, 7,900-licence optimisation, 5TB FSx ONTAP storage reduction, 2,125 device clean-ups) and optimised Azure Virtual Desktop (AVD), Cloud

PC and Intune; co-led a Microsoft workshop advancing a ~USD 700K Microsoft-funded modernisation programme.

- Manage the full deal lifecycle (RFI/RFP – MSA – SOW – Go-Live) driving 10–30% revenue growth, own P&L across accounts, and led crisis & major incident response during the CrowdStrike and Microsoft global outages.

Global Capability Centre (GCC) Leadership – HCLTech

- Led setup and operationalisation of a multi-tower GCC in India under a Build–Operate–Transform–Transfer (BOTT) model across Applications, Data & Analytics, AI, Infrastructure and Cybersecurity.
- Designed the 135-role ramp-up model, onboarded 60+ resources, and drove ~94% transition readiness across 50+ technology domains into the Operate phase.
- Governed a multi-year SOW of up to ~USD 7.1M plus a USD 3M minimum-commitment obligation, with cross-functional governance across Delivery, HR, Finance, Legal and Commercial leadership.

Radial Omnichannel Technologies

Dec 2019 – Apr 2022

Director – Operations (US Retail)

- Led India-based customer-care operations for a leading US retailer, owning KPI governance, quality, workforce management and a multi-team delivery organisation.
- Directed Six Sigma, Business Analytics and L&D; built coaching and talent-development programmes that improved performance and engagement.

SiteI (Foundever)

Oct 2007 – Nov 2019

Site Director (Site Head) – Customer Service, Technical Support & Sales

- Ran large-scale customer-support operations for North American and European customers, sustaining operating margins above 55% with full P&L responsibility.
- Delivered USD 131K annual savings; earned Best Partner Award (8 consecutive quarters) and top client-partner ranking (6 consecutive quarters).
