PROFESSIONAL EXPERIENCE

HCLTech

May 2022 – Present

Director – GCC Leadership & End-to-End IT Infrastructure Services

Lead Global Capability Centre setup and global infrastructure / digital workplace delivery for large enterprise customers across North America, LATAM, EMEA and APAC.

Global Capability Centre (GCC) Setup & Leadership

- Led end-to-end setup and operationalisation of a multi-tower GCC in India under a Build–Operate–Transform–Transfer (BOTT) model across five capability tracks: Applications, Data & Analytics, Artificial Intelligence, Infrastructure and Cybersecurity.
- Designed the original GCC operating model and ramp-up plan for 135 planned positions across multiple technology towers.
- Enabled onboarding of 60+ resources while managing evolving business priorities, fulfilment constraints and transition risks.
- Managed delivery across 50+ technology domains including Wintel, Linux, Database, Networks, Digital Workplace, Cybersecurity, Service Management and Enterprise Platforms.
- Drove approximately 94% transition readiness of planned resources into the Operate phase.
- Governed a multi-year Statement of Work of up to ~USD 7.1M plus a USD 3M minimum-commitment obligation, managing transfer-fee and transition-cost exposure while protecting margin and customer confidence.
- Led cross-functional governance across Delivery, HR, Finance, Legal, Commercial and Executive Leadership teams.
- Managed fulfilment risk associated with 50+ role reductions — protecting customer confidence, delivery continuity and commercial commitments — with fulfilment dashboards, executive governance cadence and transition reviews ensuring programme readiness.

Global Infrastructure & Digital Workplace Leadership

- Direct a ~USD 50M global IT infrastructure and digital workplace portfolio across a 3-account manufacturing set (175K users, 188K devices) at 11–18% margins, owning P&L across accounts.

- Lead 1,000+ professionals delivering Service Desk, Field Services, Desktop Engineering, Cloud Operations and Digital Workplace Services.
- Lead AI-led service transformation — agentic AI (AI Force), DEX (Workblaze / SysTrack), predictive AIOps (PredictX) and self-service (Yellow.ai, Krisp.AI) — and a major SDC → SDR service-delivery migration, on an Assisted → Augmented → Autonomous maturity model.
- Improved NPS by 70%+, reduced operational staffing ~30% over two years, drove the full deal lifecycle (RFI/RFP – MSA – SOW – Go-Live) for 10–30% revenue growth, and led crisis & major incident response during the CrowdStrike and Microsoft outages.

Radial Omnichannel Technologies

Dec 2019 – Apr 2022

Director – Operations (US Retail)

- Led India-based service operations supporting a leading US retailer, owning KPI governance, operational reviews and performance management.
- Directed Quality, Workforce Management, Business Analytics, Six Sigma and Learning & Development; led staffing, coaching and talent development.
- Partnered with Client Success to launch new programmes and capabilities, and delivered BI and resource-optimization insights.

Sitel (Foundever)

Oct 2007 – Nov 2019

Site Director (Site Head) – Customer Service, Technical Support & Sales

- Managed large-scale operations for North American and European customers, sustaining operating margins above 55% with full P&L responsibility.
- Delivered USD 131K annual savings via a Transport Optimization programme; maintained green operational scorecards for 12 consecutive months.
- Earned Best Partner Award from a Canadian ISP client for eight consecutive quarters and top client-partner ranking for six consecutive quarters.
